""F a m i n e -- Bellary - Preliminary measures.

Ref -- My letter No. A-5-5691 dated 25-11-37.

******

A great difficulty is the restriction of credit. People cannot get the usual advances of grain. An important cause is the fear of a moratorium, which has added to the lack of confidence due to the delays caused by the debt conciliation board and the fears of further legislation. As the proposal to introduce a morotorium has been dropped, I suggest that wide publicity may be given to this. And, if other announcements can be made, which would give confidence to prospective lenders, I suggest that they should be made."".
